

PAPER-ME / TISSUE-ME / PRINT2PACK 2023

The **15th**
International Exhibition for

**Paper & Paperboard
Tissue & Hygienic Products
Packaging & Printing Industry**

2,3,4 SEPTEMBER 2023

Egypt International Exhibition Center (EIEC) - **Cairo-Egypt**

Welcome To

PAPER-ME, TISSUE-ME & PRINT2PACK EGYPT 2023

The Leading International Exhibition for
**Paper, Paperboard, Tissue Paper
& Packaging Industry**
in Egypt, Africa & MENA Region.

The International Exhibition for
**Tissue Paper, Hygienic Products
& Converting Industry.**

The International Exhibition for
Printing & Packaging Industries.

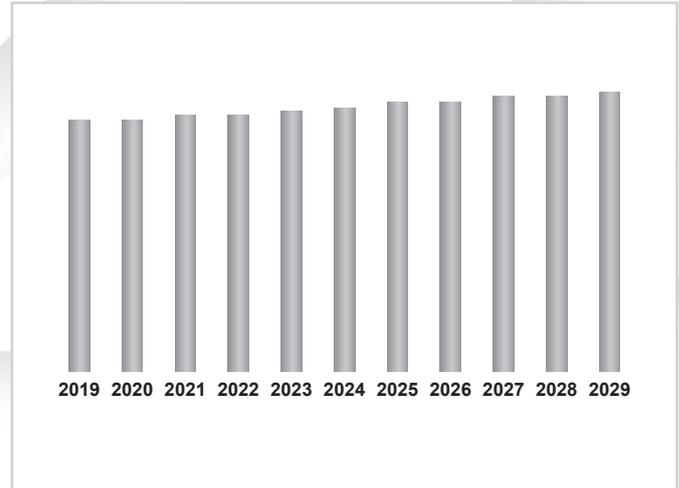

Global Market

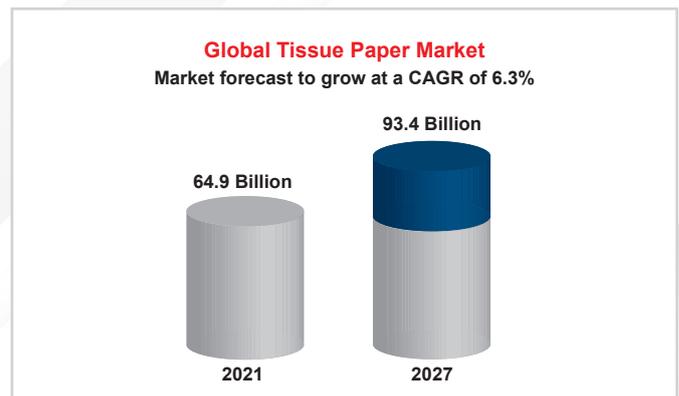

Paper

The global pulp and paper market size was valued at USD 351.53 billion in 2021. The market is projected to grow from USD 354.39 billion in 2022 to USD 372.70 billion by 2029, exhibiting a CAGR of 0.72% during the forecast period. The global COVID-19 pandemic has been unprecedented and staggering, with pulp and paper experiencing lower-than-anticipated demand across all regions compared to pre-pandemic levels. Based on our analysis, the global market exhibited a decline of 0.1% in 2020 as compared to 2019.

Tissue Paper

The global tissue paper market reached a value of US\$ 64.9 Billion in 2021. Looking forward, the publisher expects the market to reach US\$ 93.4 Billion by 2027, exhibiting a CAGR of 6.26% during 2021-2027. Keeping in mind the uncertainties of COVID-19, we are continuously tracking and evaluating the direct as well as the indirect influence of the pandemic on different end use sectors.

Printing & Packaging

The global packaging printing market size is projected to grow from USD 352.1 billion in 2020 to USD 433.4 billion by 2025, at a CAGR of 4.2% from 2020 to 2025. The packaging printing market is expected to witness significant growth in the future due to the increased demand for aesthetic printing solutions in end-use industries, such as food & beverage and pharmaceutical. Moreover rapid industrialization and growing manufacturing industries across the globe coupled with high consumer income, and acceleration in industrial activities, especially in the emerging economies, are likely to support the growth of the packaging printing market during the forecast period.

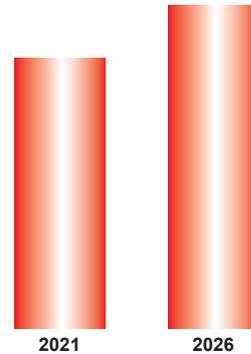

Egypt Market

Paper

The Egypt Paper Market is expected to grow by registering a CAGR of approximately 3.7% during the forecast period (2021). With the focus now shifting towards eco-friendly and sustainability, paper is expected to gain traction in the country as the consumers are pushing for paper packaging products over plastic packaging, which poses a significant threat to the environment.

Market Summary
CAGR 3.7%

Tissue Paper

As a primary transit point for trade flows to and from Africa, Egypt acts as a natural hub for traders looking to enter or expand into important markets such as Libya, Sudan, Kenya, Somalia and South Africa. In addition, Egypt is the main gateway into Gulf countries' markets as well.

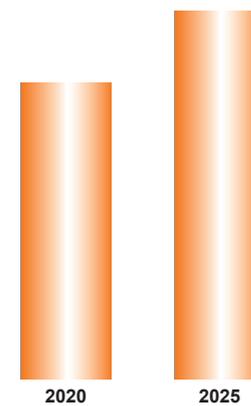

Egypt is self-sufficient in the production of tissue and toilet paper with total annual domestic tissue paper production 40,000 MT.

Egypt is one of the top 10 tissue paper exporters, and MENA's largest producer of jumbo rolls at 200,000 tp/y. The quality of tissue paper has improved in Egypt and now 37% of total production is exported to the Gulf and the African countries.

Printing & Packaging

The Egyptian printing packaging market is expected to register a CAGR of about 4.1% during the forecast period (2021-2025). The factors which are majorly driving the growth of the printing packaging market are increasing demand for paper-based packaging in the food industry in Egypt coupled with a significant upsurge in the e-commerce segment. Furthermore, the rising awareness of the usage of sustainable packaging among the Egyptian population is also driving the growth of the market studied.

Market Summary
CAGR 4.1%

Insights into the previous edition of **PAPER-ME TISSUE-ME & Print2Pack 2022**

PAPER-ME, TISSUE-ME & PRINT2PACK is successfully developed through years, this year the total display area was more than 10,000 m2 at Egypt international exhibition center (EIEC).

Visitor Feedback

- Satisfied with the products range
- Achieved their goals of the visit
- Satisfied with the organizing

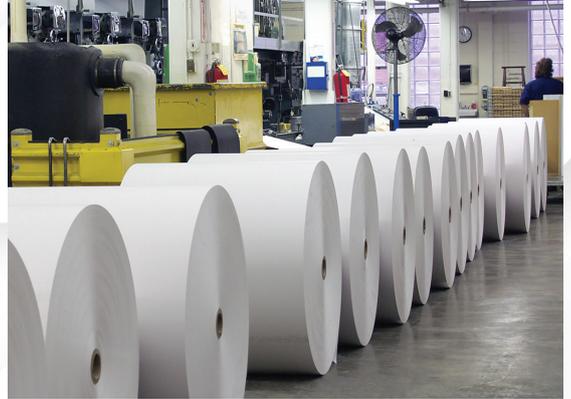

Exhibitors Profile

PAVILION
DEDICATION
CEREMONY

Pulp, Paper & Corrugated Paper:

- Paper and paperboard machinery, equipment & products.
- Corrugated paper machinery & products.
- Suppliers of used & reconditioned machines & equipment.
- Recycling paper machines and technology.
- Paper core machines.
- Paper converting machines.

TISSUE:

- Tissue making and converting machinery & equipment.
- Hygiene products machinery & products.
- Tissue technology and software.
- Raw materials, adhesives, chemicals, dyes.
- Jumbo rolls and finished products.
- Machinery for wet wipes, non-Woven tissue, household paper .

PRINTING:

- Printing machinery & equipment.
- Print finishing and binding equipment.
- Plates and plate making equipment
- Printing materials – paper, paperboard, foils, films, inks, coatings and varnishes etc.
- On-press ancillary equipment and controls.
- Press room handling equipment.
- Used machinery.

PACKAGING:

- Packaging machinery equipment, technology & services.
- Post processing machinery.
- Food technology and processing equipment.
- Packaging products & materials.
- Raw materials and semi-finished products.
- Recycling packaging machinery.

Who Will Visit

- Paper mills.
- Paper manufactories.
- Packaging factories.
- Packaging & wrapping equipment companies.
- Food & beverage processing lines
- Printing companies.
- Chemical industries.
- Petrochemical industries.
- Textile industries.
- CEOs, decisions makers and owners of tissue converting companies.
- Tissue paper mills producers and manufacturers.
- Hygiene producers and manufacturers products.
- Technical personnel and engineers of tissue paper mills.
- Producers and manufacturers.
- Mass retailers and wholesalers.
- Tissue paper traders, importers and distributors
- Paperboard factories.
- Corrugated paper factories.
- Offset printing press.
- Commercial printing press.
- Digital printing press.
- FMCG

10 reasons to participate with us

1. PAPER-ME will continue to serve as your trusted business partner in Africa & MENA region to make sure your company accomplishes its goals, thrive, and expand your business in the MENA region.
2. Increase your profits, develop business network, Meet paper industry key players, Capture market share and Gain media exposure.
3. PAPER-ME 2023 has three exhibitions under one roof PAPER-ME& TISSUE-ME and Print2Pack, so the chances of meeting your target audience are 100% will happen so your business and profit will grow.
4. UNMATCHED PLATFORM FOR THE PAPER & PACKAGING COMMUNITY: PAPER ME Exhibition is the premiere event in Africa & MENA region for pulp, paper, tissue, paper board making and products industries. The only international paper exhibition sponsored and supported by all paper industry-related governmental departments and nationwide trade associations of Egypt.
5. A MAJOR FOCUS ON PAPER- PAPERBOARD & HYGIENE PRODUCTS: The most important specialized fair for the global paper, paperboard, tissue and converting industry, where you will find all nations and customers from all over the world as well as the MENA region and Arabian countries with high purchasing and decision-making power in one place.
6. Unleash The MENA Best Business Potentials! It is the premiere event for Middle East & North Africa's printing, packing and packaging industries. Fast convenient access to new, alternative and emerging markets in Africa and Middle East region.
7. GLOBAL NETWORK: Gain unlimited access to the most influential network of CEOs, investors, policymakers and thought leaders from across the entire value chain of the industry to drive your business and the African paper industry forward.
8. Gather a wide range of competitive information on products and suppliers in a small period of time.
9. Share best experiences & practices and Exchange of innovative ideas.
10. Gain access to global media coverage

Egypt Overview

Egypt, officially the Arab Republic of Egypt, is one of the greatest, most interesting countries you will ever see. With all of its history, culture, culinary, religion, and versatile geography, Egypt has a special spot for everyone who gets to visit this magnificent place.

Egyptian history is infinite and is one of the greatest inheritance from human civilization but Egypt is much more than just its thousands of years old Pyramids and monuments, Egypt is life itself and sure is a place that every human who can should once in their lifetime come visit.

Venue Overview

Egypt International Exhibition Center

Has 4 halls provided over 40,300 m² of exhibition space that can be used into smaller partitions. EIEC has conducted some high profiled events as well as exhibitions. It has maintained its high standard service by hosting events at national as well as international levels. The events which are held at the venue include fashion shows consumer events conferences expos exhibitions and many more.
